RE: Application to Amend:
GN Docket No. 89-573
Philadelphia Metropolitan Area
Regional Public Safety Plan (Region 28)
Filing Window #7 assignments

Dear Ms. Dortch:

In behalf of the Region 28 Planning Update Committee, please accept this letter as our official filing request for approval of our Filing Window #7. We have received letters of concurrence (LOC) from adjacent Regions 8, 20, 30, 36, and 55. Attached to this letter is the filing window #7 channel assignment matrix (Appendix 1) and copies of the LOC from the five regions that border Region 28.

Your prompt consideration and approval of this request for amendment would be greatly appreciated. If there are any questions concerning this filing please call me at 302-739-9648 or e-mail me at Richard.Reynolds@state.de.us.

Respectfully Submitted,

Richard R. Reynolds, Chairman,
Region 28 PUC

RE: Inter-Regional Concurrence Request for Region 28 Window 7

Dear Mr. Reynolds,

We have reviewed the above referenced request for concurrence to amend your regional plan as described in your letter dated September 9, 2002. In an effort to mitigate interference conflicts and to continue providing incumbents full protection from new operations it is necessary to reduce some of the technical parameters for the sites listed in the table below. Region 8 concurs with and approves your window 7 plan amendments provided the recommended changes are made.

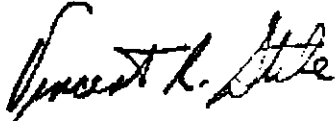

Channel	Location	County	Service Area	Conflict
612	City of Camden	Camden, NJ	Camden City	Adjacent channel to 613 (WNMM897), Middlesex County VERY MINOR: Need to pull back the 25 dBu contour from Middlesex County + 3 miles
656	City of Camden	Camden, NJ	Camden City	Adjacent channel to 655 (WPGP231), Mercer County/City of Trenton Need to pull back the 25 dBu contour from Mercer County + 3 miles
807	City of Camden	Camden, NJ	Camden City	Adjacent channel to 808 (WNMM897), Middlesex County VERY MINOR: Need to pull back the 25 dBu contour from Middlesex County + 3 miles
641	West Sites	Montgomery, PA	Souderton Site	Adjacent channel to 642 (Multiple Callsigns), NJSP Statewide Need to back the 25 dBu contour from NJ
787	West Sites	Montgomery, PA	Souderton Site	Adjacent channel to 786 (WNDD577&8) and 788 (WNSM956&959), NJ Transit Statewide Need to pull back the 25 dBu contour from NJ

Dear Paul:

On September 09, 2002, Region 28 sent you our plan amendment, resulting from our Window #7 process, requesting comment or approval of the plan. In the past, it was sufficient to either receive a response within 60 days or assume that the region was in agreement in the absence of a letter.

The FCC has changed their process – they rejected our submission in November, 2002, stating that, "Unconditional concurrence from each adjacent region was required before the plan could be approved".

If you agree that the Region 28 Plan will not cause harmful interference to systems in your Region, please sign this letter below to indicate your unconditional concurrence with the plan. This signed letter will be attached to our FCC request for approval of the Region 28, Window #7 Plan.

Make a copy of this signed letter for your records and return the original to Richard Reynolds, as soon as possible. A pre-addressed, stamped envelope is provided for your convenience.

Thank you for your support,
